**IN THE INDUSTRIAL TRIBUNAL GOA, DAMAN & DIU,  
PANAJI-GOA**

(Before Dr. Renato de Noronha, Hon'ble Presiding Officer)

Reference No.: IT/29/79

1. Shri Subash J. Ashelkar — Workman/Party I  
V/s.

1. M/s. Narayandas Goculdas & Co. — Employer/Party II  
Workman/Party I represented by Adv. A. Nigalye.

Employer/Party II represented by Shri L. R. Ferrao, Labour  
Consultant.

Panaji. Dated: 25-3-1985

**AWARD**

The Government of Goa, Daman & Diu, by its Order No. 28/1/79-ILD dated 21-11-1979, has referred for the adjudication by this Tribunal of an industrial dispute between the above parties. The schedule annexed to the Order of reference reads as follows:

"Whether the action of the management of M/s. Narayandas Goculdas, Panaji, in terminating the services of Shri Subhash J. Asulker, w.e.f. 11-4-1979 is legal and justified?

If the answer be in the negative, to what relief if any, is the aforesaid workman entitled to?"

2. The case of the workman, as per his statement of claim, is as follows: He was employed in the establishment of the employer since 1972 as a cleaner in a truck owned by the employer on a monthly salary of Rs. 200/-; in 1976 when he got heavy vehicles driving licence, he was promoted as a driver with a salary of Rs. 300/- per month; this was his salary when his services were terminated by the employer while driving the vehicle GDT 7256. The workman was also doing other sundry jobs of the employer. On 10-4-1976, he was entrusted by the employer to transport in the truck No. GDT 7256, dry grass and hay from Hadkolna, near Marcel, to Old Goa where the employer has a dairy farm. The workman made about 3 trips with the said goods but on the 4th trip, as he could not procure goods he had to return empty. On his return trip, a fault developed in the machine of the vehicle and the steering wheel got jammed. The workman lost control over the vehicle which dashed against a pole. The accident occurred at about 9.30 p. m. The workman sent the cleaner of the truck by the name of Govind, who was with him in the truck, to inform the employer about the accident and he stayed at the site of the accident till 11-4-1979. On the subsequent day, he contacted the employer and requested him to allot work, but with no result, inspite of pleading with the employer to give him some work. Never-the-less, the workman, used to go to the garage where the truck was being repaired and attend to the repair work. As the employer did not want to give him job, he wrote to the employer demanding reinstatement. In reply, the employer, by his letter dated 14-6-79, informed him that his services were terminated for not reporting for duty and for other charges of insubordination and negligence. Then the workman approached the Labour Commissioner's office, where conciliation proceedings started, which ended in failure due to the adamant attitude of the employer. Hence, this reference. It is submitted that the services of the workman have been terminated without any reasonable cause and for no misconduct. No inquiry was held for the alleged misconduct. Section 25 of the Act has also been violated by the employer. Even assuming that there was any misconduct which otherwise, the workman does not admit, the punishment imposed is too harsh and severe. The service record of the workman during his 6 years of service is also clean. He has prayed that he be reinstated with continuity of services and full back wages.

3. The employer, in its written statement, has stated that the workman was appointed as cleaner on 1-4-1976 and not in 1972 as stated by him, and upgraded to the post of driver in March 1979 on a monthly salary of Rs. 260/-. He was not assigned any sundry jobs.

On 10-4-1979, he was instructed to operate the truck from Panaji to Old Goa and to attend to work at Old Goa, but the workman flouted the lawful and reasonable orders of his superiors and diverted the truck to Tivrem (Marcel) for his own private purpose. As per the panchanama, he also drove the truck in a dangerous, rash and negligent manner causing substantial damage to public property and great

loss to the company; this is the 3rd accident caused by the workman. After the accident, the workman has acted in a very irresponsible manner; he never contacted the employer or the police. The police made a desperate search for him before he was caught and charge sheeted. Till date, he has not reported for duty to give information to the employer about the accident. His driving licence was impounded by the police and now is lying in the court of the Judicial Magistrate, Ponda. The employer has denied that the conciliation proceedings failed due to his adamant and anti worker attitude and that he has violated Section 25F of the Act. According to him, the services of the workman have been properly terminated and, therefore, there is no question of reinstating him.

4. There was a rejoinder filed by the workman, after which the following issues were framed by my Ld. Predecessor, Dr. Coelho:

"1. Does Party I prove that he was appointed as Cleaner by the Party II in 1972 and promoted as driver in 1976 with a monthly salary of Rs. 300/-?"

2. Does Party II prove that Party I was appointed as Cleaner from 1-4-1976 and promoted as Driver in March 1979 on monthly salary of Rs. 260/-?"

3. Does Party I prove that the services of Party II were terminated with reasonable cause i.e. because he he did not report for duty and on account of his insubordination and negligence?

4. Does Party II prove that this was the third instance of negligent driving by Party I causing accident and loss to the Party II?

5. Does Party I prove that there was no inquiry into the above charges?

6. Does Party I prove that Party II has violated the provisions of 25F of the I.D.A. while terminating the services of the Party I?

7. Does Party II prove that the workman Party I neither contacted the employer nor the police authority who made desperate search before he was arrested and charge sheeted?

8. Does the Opponent prove that the driving licence of the workman has been impounded by the police?

9. Does the Opponent prove that the services of the workman has been properly terminated and there is no question of reinstatement?"

5. On the above issues, the employer led the evidence of one Kashinath Chodankar, Anand Bhagat and Prakash Amonkar, all employees of the employer. The workman did not lead any evidence of his own.

6. Kashinath Chodankar is working for the employer since 1953 as Accountant. He has stated that the workman joined as Cleaner on 8-4-1976 and was upgraded to the post of driver from 1-6-1979 with a salary of Rs. 260/- per month. On 10-4-1979, the workman was instructed by one Anand Bhagat to go to Old Goa dairy and carry out the work assigned to him by one Datta Naik. Datta Naik told the workman to go to Hadkolna and bring hay and after that to report to Panaji. The workman, however, did not go to Hadkolna but went to Tivrem at Marcel, where he met with an accident at 11.00 p.m. They were informed about the accident on the next day in the morning by Anand Bhagat. The workman was driving the truck for 1 and half month and, during that period, he had met with 3 accidents; one in Quepem, one at Borim, where a police case was filed against him, and the last one at Tivrem. After that, he never reported for duty. His driving licence was impounded by the police as per Exh E-1. As per the request of the workman (Exh E-2), the Management issued him a formal termination order (Exh E-3).

In his cross: He has admitted that the workman made on that day 3 trips to Hadkolna to procure hay to the dairy of the employer. He has denied that the workman sent the cleaner to inform the employer about the accident. After the accident the truck was sent to Angley's garage in Panaji. He has denied that the workman approached the employer's office in Panaji and that the employer told him that his services are not needed; he has denied that the workman contacted the employer on various occasions with a request to reinstate him and the employer refused to do so; no inquiry was held because the workman himself by letter Exh E-2 requested that his services be terminated.

7. The next witness is Anand Bhagat, who is working with the employer as Store Supervisor for the last 10 years. As

per his statement, the workman was instructed by the employer in the presence of the witness to go to Old Goa at the Dairy and then to proceed to Hadkolna to bring hay in the truck and, after finishing the work, to come to Panaji. But the workman did not come and at about 11.30 p.m. the cleaner came to his residence at Marcela to inform him that the truck had met with an accident. On the next day in the morning, when the witness was going for work, passed near the site of the accident and then saw the truck lying on the spot and nobody was there. He came to Panaji and informed the employer and, since the workman did not report for duty, the truck was brought by the employer to Angle's garage for repairs but the workman was not to be seen there at all any time.

*In his cross:* The workman did not have much driving work during the day; he did not know whether the workman also used to help the employer in the shop during his free time. Datta Naik was present at Arun Niwas when the employer gave the instructions to the workman about taking the truck the next day; the truck was lying at the site of the accident facing Panaji. Datta Naik comes to Panaji in the morning and goes to Old Goa in the evening after delivering milk; he has denied the suggestion that the employer did not give instructions to the workman to go to Old Goa in the presence of the witness.

8. The last witness of the employer is Prakash Amonkar, who is working for the last 19 years, attending to the sales and external work. He has stated that the workman was instructed by the employer to procure grass from Hadkolna to their dairy in Old Goa and then come to Panaji. This was on 10-4-1979. The witness, as usual, reported to the employer late in the evening at Arun Niwas at Panaji and told the employer that he wanted the truck on the next day i.e. on the 11th. The employer told him that the truck had not yet arrived and that he would decide about it the next day. The witness came to the employer on the 11th at about 8.30 a.m. and was told by Anand Bhagat, who arrived there at the same time, that the truck had met with an accident at Tivrem. The employer asked the workman to go to the site of the accident and check what had happened to the truck. The witness went and saw the truck fallen on one side after dashing against an electric pole. He came to Panaji and then reported to the Mardol police outpost. Accompanied by the police, he went to the site of the accident, and a panchanama was conducted. It was written in the panchanama that the workman had driven the truck in a dangerous and negligent manner and the damages were also mentioned. Then he came to Panaji and took a mechanic to the spot and, with his help, the truck was brought to Angle's Garage in Panaji. The workman was not to be seen on the site of the accident on any of the occasions when the witness went there. The witness used to visit Angle's garage when the repairs were going on but never saw the workman there. The workman also never reported for duty after the accident.

*In his cross:* He has stated that he was not present when the employer asked the workman to take the truck to procure grass; it was the employer who told him about this when he went to the employer's residence to ask for the truck. When there was no work the workman used to sit idle in the truck and sometimes do his own work. When he visited the site of the accident, the truck was facing Banastarim side.

9. This is all the evidence on record.

From the evidence of the above witnesses it can be considered as proved that the workman, under instructions of the employer, made some trips with the truck from Old Goa to Hadkolna to transport hay to the dairy of the employer at Old Goa and, during the last trip, met with an accident at Tivrem dashing against an electric pole. It is not proved that the workman, against the instructions of the employer, diverted the truck to Tivrem and thereby caused this accident. The cause of the accident, according to the workman, was some fault developed in the machine of the vehicle, which jammed the steering wheel whilst, according to the employer, was rash and negligent driving by the workman. But whatever may have been the cause of the accident, it was the duty of the workman to keep the employer informed about the accident after it took place.

10. The workman has stated in his statement of claim that he sent his cleaner Govind to inform the employer. It appears that the cleaner did not go to Panaji to inform the employer but preferred to go to Marcel to inform Anand Bhagat, who is working as Stores Supervisor with the employer, at about 11.30 p.m. on the day of the accident.

The employer was informed about the accident by Bhagat only on the next day in the morning.

11. From the above evidence it is also clear that the workman was not to be seen during the subsequent days at the employer's place or at the Angle's garage, where the truck had been removed for repairs. Its abandonment of the truck at the site of the accident and not reporting for duty for quite a long time without any justification, would be, according to me, a sufficient cause for the termination of the services of the workman. The charge of insubordination, also levelled against the workman in the employer's letter dated 14-6-1979 (Exh E-3), is not supported by the evidence led by the employer and, therefore, is to be deemed as not proved.

12. It is to be noted that the workman did not even step into the witness box to refute the allegations made by the employer against him to prove his story.

13. Since the termination of the services of the workman is for a misconduct which has been proved by the employer by the evidence led before me, there was no need to pay him any compensation under Section 25F of the I.D.A.

14. In the premises above, I answer to this reference by passing the following order:

#### ORDER

The termination of the services of the workman by the employer w.e.f. 11-4-1979 is legal and justified. In the circumstances of the case, I leave each party to bear its own costs.
